Al. Monroe Elias Baseball Bureau
11 W. 42nd St.
New York City N.Y.

Dear Mr Elias:

I am getting this letter off to you at last and I do hope it contains all the necessary information.

The names and addresses of the newspapers to whom we want the information sent, are on a separate sheet. The Colored papers, which are listed first, will do for all the cities. Following are the dailies in each city.

You will receive the games played the previous week, each Monday morning from Mr Gottlieb. They will be the only games to count in the standings. These are the only games to be figured in the averages. These averages should be released every Thursday. As soon as I receive mine in this office I will mail you the check for that week.

I hope you have sent the score sheets, and envelopes, as I have told the members to expect them. Only four teams will be playing this coming Saturday, so you will only receive two score sheets, however all six play Sunday. I am enclosing the last schedule I received I think there have been a few changes made since. I will send this information to you, if there have been.

Very Truly Yours
